

CHAIN OF CUSTODY STATEMENT

Integrity Communications Group recognises, and is committed to operating in accordance with the relevant FSC (Forest Stewardship Council) standard and the FSC 'policy for the association of organisations with FSC', (licence code FSC-C008502).

The FSC logo identifies forests which have been certified in accordance with the rules of the Forest Stewardship Council.

Chain of Custody certification confirms that the paper we use is sourced from sustainable forests. It also provides a means of identifying every link in the production chain; from source of timber, through to paper manufacture and the printing process.

Integrity Communications Group will not be directly or indirectly involved in the following activities:

- Illegal logging or the trade in illegal wood or forest products
- Violation of traditional and human rights in forestry operations
- Destruction of high conservation values in forestry operations
- Significant conversion of forests to plantations or non-forest use
- Introduction of genetically modified organisms in forestry operations
- Violation of any of the ILO Core Conventions as defined in the ILO Declaration on Fundamental Principles and Rights at Work

Responsibility for the Company's Chain of Custody is co-ordinated by the Environmental Manager and compliance with its requirements will be demonstrated through periodic review.
